

Project summary

This project was carried out in the framework of the BMZ-funded project "Gender and Climate: Promoting gender-responsive implementation of the Paris climate agreement". In this phase of the project they had a training on the gender-climate nexus in the development and implementation of gender-transformative climate projects.

Achievements

To strengthen the capacities of women in the face of climate change, they Conducted **trainings** (11 virtual sessions and 9 sessions at home) in combination with **skill-sharing** meetings to create a network of civil society organisations.

Mentoring program for partner country CSO's focused on advocacy to promote feminist priorities. Advice and Support **Workshops** for the Implementation of Environmental Initiatives with the support of small seed money.

Development of their own **communication material** to promote the results of the gender-transformative climate projects.

Supported WECF in the presentations during **UNFCCC climate negotiations**.
