*“We have worked to build experiential knowledge around the various territorial advocacy actions in environmental defense and climate justice that we, the youth—especially young women—of the CNT and nearby groups, have carried out in the CHACO, PUNA, and surrounding regions.”*

## Achievements

A **virtual workshop** held on the 8<sup>th</sup> of October was attended by nine organizations, with 17 participants, including the team of plurales.

A **face-to-face workshop** in March 2025. One representative from each organization attended.

**Training and workshop** with the objective to strengthen agroecological practices of forest management that allows them to continue developing sustainable life strategies in the territory that they ancestrally own.

Produced **rural and Indigenous communication content** highlighting the experiences and political advocacy actions of youth in defense of the environment and climate justice – such as a virtual map of youth experiences across Argentina.
