

# GENDER JUST CLIMATE SOLUTIONS

## PUBLICATION LAUNCH

Celebrating the accomplishments of 15 award winners on the 5th anniversary of the Paris Agreement

Five years after the signature of the Paris Agreement, the Women and Gender Constituency is proud to present the accomplishment of 15 award winners who implement Gender Just Climate Solutions all around the world. They showcase climate resilient and transformative development models that bring multiple social and environmental benefits. We know that real solutions to the climate crisis exist on the ground. We demand support for their upscaling and replication, so they can show the way towards more ambitious, rights-based and inclusive climate policies globally.
